

Proxet's Real Estate Bulletin

You're receiving this because you're in our professional network. We share:

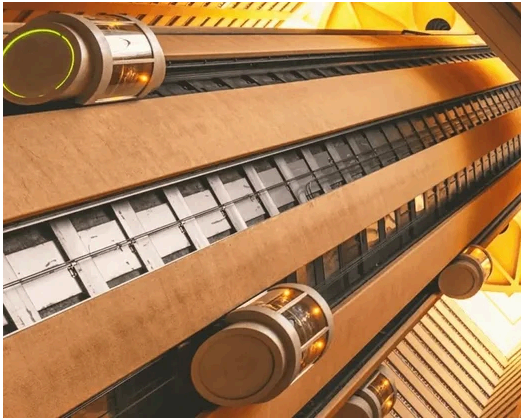

- A monthly roundup of trends, events, and insights across industries
- Industry-specific updates for real estate leaders

If you ever want to change what you get—or unsubscribe—you can do that at the bottom of the email.

Upcoming webinar: AI in real estate investment

Discover the data and AI secrets top CRE firms are using to make smarter investment decisions. Join Proxet's [Gabriel Safar](#) and industry leaders on April 29th at 1 PM ET to gain your competitive advantage.

Register for the webinar here!

Data that delivers

Tired of costly elevator breakdowns and frustrated tenants?

Discover how predictive maintenance, powered by AI and sensor data, can reduce downtime **by 50%** and cut maintenance costs **by up to 30%** in a commercial building.

Learn more about predicting breakdowns

Data's edge

"I think there's a lot that can be done that's outside the world of strictly AI, and our clients are increasingly seeking our help to evolve from traditional dashboards and reports to more dynamic data interaction," - Gabriel Safar, Head of Real Estate Solutions at Proxet

The reality of real estate tech

Still relying on spreadsheets while everyone talks AI?

RETCON 2025 revealed a critical gap between tech hype and real-world implementation.

Read about this and other RETCON insights

Proxet beyond the built world

Learn more about how Proxet built an integrated data and analytics platform for General Catalyst, a top VC fund. Read the [case study](#) on our website.
