

Proxet's Fintech Bulletin

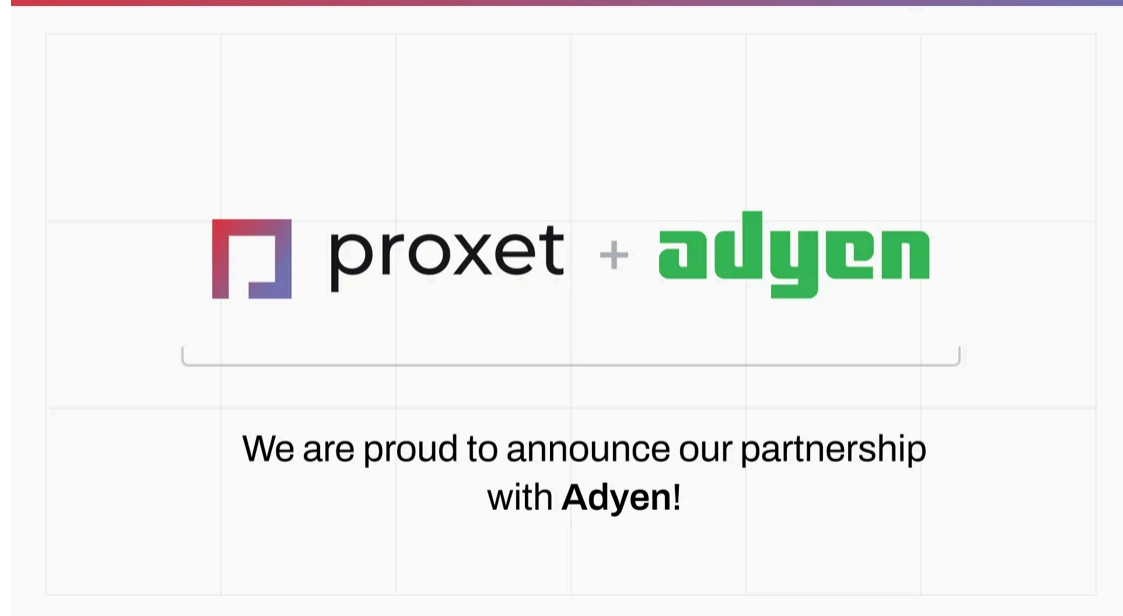

We've got some big news and insights to share in this month's newsletter:

- **New partnership!** We've teamed up with [Adyen](#), a global financial tech platform, to supercharge payments with our data and AI expertise.
- **Learn more about Agentic AI:** Our new article reveals how agentic AI transforms fintech.
- **WSAA conference takeaways:** Missed the big conversation at WSAA? Read about how payments are moving from transactions to intelligence.
- **Don't miss out:** See where we'll be in October and check out our new job openings!

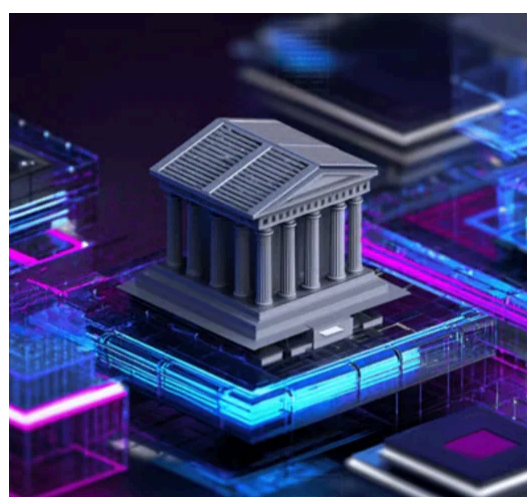

Proxet partners with Adyen for global fintech growth

We're excited to announce a new strategic partnership with Adyen, the global financial technology platform.

This collaboration combines our data and AI engineering expertise with Adyen's industry-leading platform. Together, we're helping companies simplify their payments architecture, unlock new revenue streams, and accelerate product innovation.

Get all the details in our press release 🤝

How does agentic AI help fintech companies?

AI agents and agentic AI are already at work in fintech, automating everything from loan underwriting to fraud detection. Our article explains how these technologies are transforming the industry, with real-world examples.
